

GRLANX - 20mm Christmas Glitter Lanyard

Create some Christmas sparkle with this festive 20mm recycled PET lanyard featuring a glitter strip on 1 side screen printed with up to 4 spot colours.

Fitted with a black plastic safety break and metal trigger clip.

The lanyard is available in a wide range of standard colours but the number of glitter colours is limited.

NB: A UK-stocked version of this lanyard is available in 2 standard colour options with a pre-printed 'SANTA'S LITTLE HELPER' design in white (delivered next day). Festive glitter lanyards may also be used as inspiration for a Christmassy version of various narrow fabric products e.g. pet collars and dog leads.

Optional extras: additional colours/alternative fittings.

Lanyards help hold and display ID badges or security passes and carry small items like keys. They're used day-to-day by many organisations and for all sorts of special occasions, from conferences and exhibitions to sports and entertainment events. This makes them an affordable and highly effective marketing tool.
