SLK-R - Recessed Silicone Loop Keyring

A smooth silicone loop keyring personalised on 1 side with a recessed logo (with an optional colour infill). The sunken style of recessed artwork is well-suited for creating subtle but attractive designs. A colour infill makes the artwork stand out a little more. Soft silicone is lightweight but highly durable and perfect for making an eye-catching keyring that is easy to find and hold on to.

Fitted with a metal crimp and split ring.

Pantone matched as standard.

Optional extras: printed backing card.

Bespoke and UK-stocked screen printed alternatives are also available.

High-quality bespoke keyrings are long-lasting and popular products people always keep close at hand. They make a great retail product and an effective promotional tool when used as a gift or giveaway item.

Product Specification

Minimum order quantity: 100
