

BLT - Bamboo Luggage Tag (String)

A bamboo credit card-sized luggage tag with an engraving or screen print on the front. A printed design for inserting details is included on the reverse as standard. This sustainable and very useful item allows travellers to write down their details and securely strap the tag to their luggage in case it goes missing.

NB: Prices are based on a simple engraved design covering no more than 50% of the surface (subject to confirmation on sight of artwork). Please note that engraved logos may differ subtly in appearance due to slightly variations in the colour and finish of natural bamboo.

Fitted with an elastic black string loop strap.

Supplied in a natural warm caramel colour.

Other available luggage tags include soft PVC options along with plastic alternatives.

Vehicle and travel-related items of many varieties make great promo or retail products. They're ideal for all sorts of companies connected to automobiles and transport as well as for travel businesses and beyond.
