MAGIC007 - Magic 3 Panel Pen Pot

A stylish and super useful Magic 3 Panel Pen Pot printed full colour on all sides but the top. This practical item consists of 3 connected foldable cuboid-shaped blocks. Both outer blocks each house 2 stationery compartments while the central block is solid. Unfolding this pen pot reveals more vibrant artwork as the 70mm cube magically morphs into a 210mm panoramic panel and back again.

The standard template creates 6 panels (2 panoramic billboard-style panels when the pen pot is unfolded and 4 square panels when it is folded into a cube). See our calendar templates here.

The blocks are made of durable black HIPS recycled plastic covered with matt labels.

Fitted with a magnetic closure and individually shrink-wrapped as standard.

Optional extras: anti-scratch labels/plain white or branded paper box/AR.

The Magic Concepts range represents the pinnacle of highly engaging and intelligently designed multisensory 3D media. These magical folding and twisting puzzles provide the perfect way to effectively communicate anything from product launches or anniversaries to company values and corporate training.
