TCK-E - Trolley Coin Keyring (Stamped Iron Soft Enamel Infill)

An iron trolley coin with a recessed design stamped on 1 or both sides and a soft enamel infill of up to 4 spot colours. Soft enamel is best for creating detailed and textured coins with raised and sunken areas.

Fitted with a metal trigger clip featuring a jump ring and split ring.

Supplied with a polished nickel-plated finish as standard.

2 standard coin sizes: £1/1€.

Optional extras: additional spot colours/alternative plating/alternative finish/printed backing card.

Also available without any infill for an entirely metal coin or with a full colour print.

High-quality bespoke keyrings are long-lasting and popular products people always keep close at hand. They make a great retail product and an effective promotional tool when used as a gift or giveaway item.
