ZAB BESPOKE - Alloy Injection Badge (Bespoke Design)

A fully bespoke 3D alloy injection badge available in any shape or style. Many standard options are available but the beauty of this bespoke item is that it can be made exactly to specification.

When an intricate 3D shape with lots of detail is required we recommend the use of a zinc alloy injected moulded construction.

Also essential for designs with cut-outs and complicated shapes.

Fitted with a butterfly clutch as standard.

Available platings: nickel/brass/bronze/silver/gold/copper/chrome/black nickel.

Available finishes: polished/sandblasted/antique.

Optional extras: laser engraving/alternative fitting/printed backing card.

Please enquire for further details and prices.

High-quality bespoke keyrings are long-lasting and popular products people always keep close at hand. They make a great retail product and an effective promotional tool when used as a gift or giveaway item.
