

HSTCK-E - House Shaped Trolley Coin Keyring (Stamped Iron Soft Enamel Infill)

A zinc alloy house-shaped holder including an iron trolley coin with a recessed design stamped on 1 or both sides and a soft enamel infill of up to 4 spot colours. Soft enamel is best for creating detailed and textured coins with raised and sunken areas. Perfect for promoting mortgage companies or building societies as well as estate and letting agencies.

The holder is fitted with a metal jump ring and split ring. Mini chain option also available.

Supplied with a polished nickel-plated finish as standard.

2 standard coin sizes: £1/1€.

Optional extras: additional spot colours/laser engraving on holder/alternative plating/alternative finish/printed backing card.

Also available without any infill for an entirely metal coin or with a full colour print.

High-quality bespoke keyrings are long-lasting and popular products people always keep close at hand. They make a great retail product and an effective promotional tool when used as a gift or giveaway item.
